

Taylor Street – entrance way blocked by the creation of paved area, railings and bollards, with dropped pavement for wheeled access to school gates. Therefore, creating a pedestrianised zone outside the school towards the playground and reducing numbers off cars dangerously parking at school drop off times and also prevent use of cut through

Creation of a continuous pavement all around the side of the school to link with paved area further up. Improved walking and wheeling experience safely to school and opposite bus stop and pedestrianised access into the estate.

**LITTER PICKING COMPETITION!**

**29TH OCTOBER 2025**

**10AM - 12:30PM**  
**ST LUKE'S CHURCH, BANK TOP, BLACKBURN, BB2 1TA**  
★ MEET IN THE CHURCH CARPARK ★

Join us for the Recovery Litter Picking Tournament, Blackburn's first SpoGomi competition!

On the 29th of October, teams from across the region will go head-to-head in Blackburn, in a competitive test of speed, strategy, and 'spogging' skill. For sixty minutes, teams will race against the clock to collect and sort as much litter as possible.

With points awarded for different categories of recyclables and penalties for late returns, only the most organised and determined team will triumph.

May the best pickers win!

The challenge is on! Please contact Rolonde to enter and arrange to register your team:  
Rolonde.Bradshaw@RedRoseRecovery.org.uk 07572610530

Competing with SpoGomi, followed by a presentation of a trophy, prizes & food.

WORLD CUP

The Inaugural Recovery Litter Picking Tournament:  
**Who will be crowned champions?**

**PRIZES TO BE WON!**

Large item fly tipping has been reduced.

Domestic / household fly tipping due to bin bag system has also been reduced as all households have a wheely bin now.

However, general littering is still an issue as seen above.

Over a tonne of litter collected in Blackburn's first 'Spogami' event.

More litter picks planned via the church and another Spogami event in 2026
